Glad Greetings for 1950

Due to the extreme cold winter last season and our lack of storing facilities, we lost nearly all of our large size corms. Our regular catalogue was all ready for the printers when the cold season came on, therefore

we never had it printed. We received a good many inquiries and some orders which we had to return, much as we hated to do so. We wish again to thank those who wrote to us and sent us orders. This year we have good storage facilities in an old resident building and have a good percentage of our corms cured at the time of this printing. We had a good growing season and have a fair supply of some varieties, others we are very short of with some lost completely. We need your orders this season to stay in business. We are unable to publish our regular catalogue with sermonett, also the remarks on culture of glads, etc. Our previous guarantee of true to name dependable corms, still stands.

TERMS—Cash up to \$5.00 or 25% with order, balance c.o.d. on larger orders. We pay postage on all retail orders. Send 25c extra on orders under \$2.00 (except collections) to pay postage and packing. 10% discount on cash orders over \$10.00 from regular list. Delivery will be made after danger of freezing unless otherwise specified. We will substitute with other varieties, if out of variety ordered, unless you specify no substitution.

Due to shortage of space, we will only give color and size by number classification. The first number denotes size. 1—Miniature, to 5—Giant. Odd number always denotes conspicuous markings.
